The mission of PMMA is to:

- promote public health through a continuing program of education for physicians in the State of Minnesota
- hold conferences, conduct seminars and other education programs; and to prepare, publish and disseminate materials to acquaint physicians and other medical personnel with the latest trends and scientific advancements in medicine
- provide assistance to medical students and physicians in order to enable them to pursue advanced studies of specialized training
- bring into one organization the physicians of Philippine descent in Minnesota and thus, encourage and foster cooperation, assistance and camaraderie among its members and their families
- provide ways and means of allowing members to render voluntary and charitable services either in America or abroad through collective and organizational efforts and
- perform such other acts that will improve the condition and well-being of practicing physicians in Minnesota of Philippine descent.
