Dan Trajano, MD – Family Medicine, Park Nicollet Methodist Hospital, St. Louis Park, MN

OBJECTIVES:

To learn more about common eye disorders and retinal detachment in the elderly.

To discuss in depth the challenges of reporting quality measures in health care.

To understand the symptoms and treatment of Bipolar Disorders.

To outline new guidelines on food allergy.

Explain accountability of the different Health Care Organizations.

To discuss the management and treatment of spinal cord injuries

To bring into focus transplant infections that could occur after renal transplant surgery.

Update on newer antibiotics, antibiotic stewardship, and Infection control.

Understand the approach to different emergency room scenarios through case studies.

Share experiences on how to conduct Medical Missions abroad in a smaller scale.

To learn how we could reshape our body with the help of plastic surgery.

To understand why treating low back pain is difficult and why treatments fail.

To update on the management of Hepatitis B and C, Irritable Bowel Syndrome, and Encephalopathy.

To discover that socialization with our peers affords us better understanding of ourselves and others.

Accommodations

A block of rooms has been reserved at a special rate at the Kalahari Resorts and Convention Center, Wisconsin Dells, WI. To avail of the group rate, please call 877-253-5466 on or before Monday, July 18, 2011. Please ask for the Philippine-Minnesotan Medical Association 2011 Room Block.

Audience

This conference is designed for physicians and paramedical professionals in primary care.

Accreditation

This activity has been applied for prescribed credits by the American Academy of Family Physicians.
